

The MORE™ Infinity™ Warranty Program.

We recommend sealing natural stone countertops regularly to preserve their beauty. How often depends on the type of stone and the amount of use. Some customers may want a more hassle-free solution for long-term stain protection. The MORE™ Infinity™ Warranty Program provides that extra level of protection. Here's how it works:

- Homeowners are protected against stains for 20 years
- Commercial spaces are covered against stains for 10 years (granite only)
- Exterior countertop installations are covered for 1 year
- No need to reseal during the warranty coverage period
- We'll replace the countertop if a stain can't be removed (that includes both labor and materials)
- We cover granite, quartzite, and marble
- Oh, the warranty is also fully transferable

A great opportunity to improve customer satisfaction and enhance profitability.

Get on board with the MORE™ Infinity™ Warranty Program.
