Natural Stone

Granite • Quartzite • Slate • Soapstone
Marble • Travertine • Dolomite • Onyx

Engineered Surfaces

Quartz

Other Surfaces

Solid Surfaces • Composite Sinks • Fiberglass
Ceramic & Porcelain Tile
Metal Surfaces (Stainless Steel, Chrome,
Aluminum)

⚠ Not recommended for floor applications

What is ioSeal®?

ioSeal® helps protect stone surfaces, making them easier to clean and reducing buildup.

While it does not replace penetrating sealers, it helps maintain and extend their protection.

Scum & Mineral Deposit Remover

Powerful formula designed to remove soap scum, mineral deposits, and hard water build-up, including calcium, magnesium, oils, wax, and other stubborn residues.

Recommended by Kraus USA for sinks and highly effective for deep cleaning a wide range of specialty surfaces.

Recommended Surfaces

- **Natural Siliceous Stones**

Granite • Quartzite • Soapstone • Slate (polished, honed, smooth, or textured finishes)

- **Sinks**

Composite • Stainless Steel • Glazed • Acrylic • Cultured

- **Showers**

Fiberglass • Glazed & Unglazed Tile • Grout • Cultured Marble

- **Other Surfaces**

Glass Shower Doors
Ceramic & Porcelain Tile
Sanded & Unsanded Grout

Key Features

- ✓ **Natural Fruit Acids**

Low-pH formula effective on mineral deposits, water spots, soap residue, and wet-area buildup.

- ✓ **Powerful Surfactant**

Breaks down and lifts grease, oil, wax, and silicone for easier removal.

- ✓ **Multi-Surface Use**

Ideal for kitchen, bath, and wet-area cleaning.

What Not To Expect

Not recommended for polished or honed quartz, marble, travertine, or other calcareous stones.

Will not remove etching, scratches, or abrasion damage.

Does not add shine or sealing protection beyond cleaning.

Less effective on rust stains.
Made in Cicero, Indiana.
